Sort by relevance | Sort by date (new first) | Sort by date (old first)

Biometric input with encryption
US Pat. 5995630 - Filed Feb 28, 1997 - DEW Engineering and Development Limited
The row or column information is in the Preferably, the user's **biometric** data is
... 3fc, another flow diagram of a method 30 of analysing the **biometric ...**

Self-authentication apparatus and method
US Pat. 6185316 - Filed Nov 12, 1997 - Unisys Corporation
19 20 compared to the stored **biometric** template, step 875, here stored in
credential 860. The live scan sample 872 typically does not exactly match the
...

[APPLICATION] Secure method and system for **biometric** verification
US Pat. 10743784 - Filed Dec 24, 2003
[0205] The **biometric** template itself may be stored as a mass data structure **...**
techniques can be designed to maximize the degree of **obfuscation** obtained. **...**

[APPLICATION] Biometric authenticated VLAN
US Pat. 10011842 - Filed Dec 4, 2001
1 is a schematic block diagram of a **biometric** authenticated data communication
network according to one embodiment of the invention; [0016] FIG. **...**

Method and system for secure computational outsourcing and disguise
US Pat. 6957341 - Filed Mar 18, 2002 - Purdue Research Foundation
For example, the user may be required to provide a password, or may be required
to provide , **biometric** input, with access authorization program 510 then **...**

Computer software authentication, protection, and security system
US Pat. 6006328 - Filed Jul 12, 1996 - Christopher N. Drake
... mouse usage characteristics, etc) or by additional authentication techniques
, including smartcards, **biometric** inputs such as finger prints detectors etc **...**

Remote portable and universal smartcard authentication and authorization device
US Pat. 7083090 - Filed Aug 9, 2002
At block 452, having acquired **biometric** data at 450, the device serial ID **...** At
block 454 the **biometric** data are encrypted. This encryption may occur in **...**

[APPLICATION] Secure identification system combining forensic/**biometric** population ...
US Pat. 10301266 - Filed Nov 20, 2002
... and sequestering a forensic/**biometric** ID population database behind a single
ultra-secure **...** and **obfuscation** of responsibility behind shell companies. **...**

[APPLICATION] Method and apparatus for supporting a **biometric** registration performed on an ...
US Pat. 10180526 - Filed Jul 8, 2002

US Pat. 10743784 - Filed Dec 24, 2003
[0205] The **biometric template** itself may be stored as a mass data structure **...**
techniques can be designed to maximize the degree of **obfuscation** obtained. **...**

Method and apparatus for hashing data
US Pat. 7274804 - Filed Apr 14, 2003 - Activcard Ireland Limited
A smart card having a **biometric template** stored therein in the form of a
fingerprint **template** is provided to a host processing system, step 300. **...**

[APPLICATION] System and method for storage and retrieval of a cryptographic secret from a ...
US Pat. 10134644 - Filed Apr 30, 2002
... which allows secure retrieval and use of a user's private key, **biometric**
data or **...** retrieve and use a cryptographic secret such as **biometric template,**
...

[APPLICATION] Method and apparatus for supporting a **biometric** registration performed on an ...
US Pat. 10189526 - Filed Jul 8, 2002
[0076] The method provides for provision of challenge data relating to a
template, the data other than image data of a **biometric** information source. **...**

Method and apparatus for supporting a **biometric** registration performed on a card
US Pat. 7274807 - Filed May 30, 2002 - Activcard Ireland Limited
... associated with the **template** to which the fingerprint data is to be
registered. **...** absent a step of providing **biometric** data to a processor of a
host **...**

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Biometric based multi-party authentication
US Pat. 6697947 - Filed Jun 17, 1999 - International Business Machines Corporation
A system for multi-party authentication wherein a closeness between the received
encrypted biometric sample and a candidate **encrypted biometric template** is ...

Portable authentication device and method using iris patterns
US Pat. 6532298 - Filed Sep 14, 1999 - Iridian Technologies, Inc.
The **encrypted biometric template** from the processor 210 is preferably
transmitted via a wireless device, such as an RF module or modem 925 to the
comparison ...

System and method of fast biometric database searching using digital ...
US Pat. 6505193 - Filed Dec 1, 1999 - Iridian Technologies, Inc.
The **encrypted biometric template** from the processor 605 is transmitted via the
modem 635 to one of the computer 200 a local server, and a central database ...

Access system utilizing multiple factor identification and authentication
US Pat. 7178025 - Filed Jan 30, 2003 - Tec Sec, Inc.
The token can send the **encrypted biometric template** to the provider. The
provider can decrypt the **encrypted biometric template** with the derived key. ...

Method for biometric-based authentication in wireless communication for ...
US Pat. 6819219 - Filed Oct 13, 2000 - International Business Machines Corporation
A method for **biometric** authentication based on communication between a portable
... a decrypter for decrypting said received **encrypted biometric template**. ...

System, method and computer program product for allowing access to ...
US Pat. 6256737 - Filed Mar 9, 1999 - BioNetrix Systems Corporation
When a user refreshes a **biometric template** 502 (as discussed above) each copy
... An individual wishing to send an **encrypted** message applies for a digital ...

Biometric authentication system with encrypted models
US Pat. 6317834 - Filed Jan 29, 1999 - International Business Machines Corporation
The encryption algorithm encrypts the **biometric template** using a pass-phrase,
known only to the individual, to generate the cryptographic key used to store
...

Protection of biometric data via key-dependent sampling
US Pat. 6507912 - Filed Jan 27, 1999 - International Business Machines Corporation
The server would use the key to filter a stored **biometric template** to produce
... The 1.2K byte **template** is **encrypted** for wireless transmission to the ...

Biometric identification system using biometric images and personal

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Biometric based multi-party authentication
US Pat. 6697947 - Filed Jun 17, 1999 - International Business Machines Corporation
In an embodiment where the closeness between the received **encrypted biometric**
sample and a candidate 5 **encrypted biometric template** is determined based on a
...

Portable authentication device and method using iris patterns
US Pat. 6532298 - Filed Sep 14, 1999 - Iridian Technologies, Inc.
A match of the **biometric template** with a **template stored** in the memory 970 **...**
The **encrypted biometric template** from the processor 210 is preferably **...**

Memory card having a biometric template stored thereon and system for using same
US Pat. 6011858 - Filed May 10, 1996 - Biometric Tracking, L.L.C.
In the present invention, the credit card information can be **encrypted** and
stored on the memory card in a way that would require a **biometric** verification
...

System, method and computer program product for allowing access to ...
US Pat. 6256737 - Filed Mar 9, 1999 - BioNetrix Systems Corporation
When a user refreshes a **biometric template** 502 (as discussed above) each copy
... An individual wishing to send an **encrypted** message applies for a digital **...**

Access system utilizing multiple factor identification and authentication
US Pat. 7178025 - Filed Jan 30, 2003 - Tec Sec, Inc.
The token can send the **encrypted biometric template** to the provider. **...** fourth
hash value is **stored** on the token and is based on the **biometric template**. **...**

Biometric security encryption system
US Pat. 6259805 - Filed Mar 23, 1998 - DEW Engineering and Development Limited
The chance of deriving a **biometric template** from poor **biometric** information is
greatly reduced. BRIEF DESCRIPTION OF THE DRAWINGS An exemplary embodiment of
...

Biometric identification system using biometric images and personal ...
US Pat. 6959874 - Filed Feb 22, 2002
The code is **encrypted** and included in the standard **biometric template** 230. The
copy protect code is preferably determined by combining bits of data on the **...**

System and method of fast biometric database searching using digital ...
US Pat. 6505193 - Filed Dec 1, 1999 - Iridian Technologies, Inc.
The **encrypted biometric template** from the processor 605 is transmitted via the
... The 512-byte **template** represents an exemplary iris **template stored** in the
...
